

People say im in denial  
i have my own confidential file  
locked in these padded rooms  
just writing a letter to whom-  
it may concern  
u just mught b pleased to learn  
that im not as crazy as u think  
i just had maybe one too many drinks  
yeah i just had to many beers  
scream all i want noone can hear  
i speak to the wall  
it thinks im crazy, but not at all  
but late at night  
with a muzzle over my face so i dont bite  
i scream  
in my dreams  
im not psychotic i was just drunk  
you stupid white suited punks
